

UltraDose®

SINGLE-DOSE SUPER CONCENTRATED CLEANING POWDERS AND SOLUTIONS

UltraDose® family of products gives you the ultimate in convenience. Now, the ultrasonic cleaning and disinfecting of instruments and items including dentures, burs, partials, and bridges is more convenient, more economical and more effective than ever. These powerful new cleaning and disinfecting products eliminate the need for more expensive, bulky, heavy liquids. UltraDose eliminates inaccurate measuring, messy spills and slow-dissolving tablets.

Attractive new packaging is designed with a convenient dispenser, small enough to leave on the countertop or store away.

For best results, always use
L&R Ultrasonic Cleaning Systems.

- **Super convenient**
- **Less storage and mixing**

- **The most cost-effective way to clean**
- **Replaces tablets and bulky packages**
- **Easy to use and fast dissolving**
- **Eliminates the guesswork**

UltraDose® ...Just Add Water!

SINGLE-DOSE SUPER CONCENTRATED CLEANING POWDERS AND SOLUTIONS

UltraDose® Ultrasonic Cleaning Solution is an excellent cleaner of instruments, burs, orthodontic appliances, gold, porcelain and general equipment. Removes blood, organic debris, buffing compounds, soils, oxides, rouges and tripoli. Each 1 ounce packet makes one gallon of cleaning solution. Each box makes 24 gallons of cleaning solution.

Product Code 012

UltraDose® Germicidal Hospital Grade Ultrasonic Cleaner Concentrate cleans and disinfects in one step. Cleans inanimate, non-porous instrument and appliance surfaces, eliminating residual micro-organisms. Performs as an ultrasonic cleaner, disinfectant, deodorant, germicidal, fungicidal, virucidal and tuberculocidal all-in-one. Each bottle makes 16 gallons of non-irritating, fragrance-free solution. (USA only)

Product Code UD036

UltraDose® General Purpose Cleaner Powder cleans instruments, burs, general equipment, orthodontic appliances, gold and porcelain. Effectively removes blood, tissue, debris, buffing compounds, rouge, tripoli and oxides. One packet makes one gallon of cleaning solution. Each box makes 24 gallons of cleaning solution.

Product Code UD030

UltraDose® Tartar & Light Stain Remover Powder cleans dentures, partials and bridges when used with a beaker in an ultrasonic cleaning machine. Biodegradable. Use one packet per cleaning. Each box contains 24 applications.

Product Code 028

UltraDose® Plaster & Stone Remover Powder effectively removes heavy deposits of plaster and stone from dentures, partials, flasks, articulators and general instruments when used in a beaker or auxiliary pan in an ultrasonic cleaning machine. Use one packet per cleaning. Each box contains 12 applications.
